Foreign qualification assessment

The extract indicates what a foreign qualification is comparable to in the Swedish qualification system. The information can be used when applying for a job or planning for further studies. Decisions regarding employment, admission or formal professional recognition are made by the employer, education provider or competent authority.

Qualification from Austria

Universitätslehrgang: Master of Arts

Continuing Education Course: Master of Arts

Swedish comparison

Ett års studier på avancerad nivå

One year of study, second cycle

About the qualification comparison

UHR's assessment reflects the number of years to which the foreign qualification is comparable at a particular level of higher education in Sweden, since the foreign qualification has no direct comparison among Swedish degrees.

The second cycle represents the second level in a three-part European structure for higher education (Bologna level 2). The figure below shows qualifications at this level.

This assessment is provided as guidance by UHR. It is based on our knowledge of the country's education system and not on the individual's education documents. UHR applies the principles of the international recognition convention Lisbon Recognition Convention and assumes the foreign qualification is recognised in the country of study.
