

# Foreign qualification assessment

The extract indicates what a foreign qualification is comparable to in the Swedish qualification system. The information can be used when applying for a job or planning for further studies. Decisions regarding employment, admission or formal professional recognition are made by the employer, education provider or competent authority.

## Qualification from Slovakia

### Inzinier (technical fields)

Degree of Master (Engineer)

## Swedish comparison

### Civilingenjörsexamen

Degree of Master of Science in Engineering

## About the qualification comparison

UHR assesses the foreign qualification as comparable to a Swedish Degree of Master of Science in Engineering. UHR's assessment assumes that the foreign Master's degree builds on a lower-level qualification (e.g. a Bachelor's degree), in the same professional field.

The figure below shows the assigned level of the Swedish qualification in the Swedish National Qualifications Framework (SeQF) and how it relates to the European qualifications frameworks.

This assessment is provided as guidance by UHR. It is based on our knowledge of the country's education system and not on the individual's education documents. UHR applies the principles of the international recognition convention Lisbon Recognition Convention and assumes the foreign qualification is recognised in the country of study.

<b>NQF level</b>	7 (SKKR)
<b>EQF level</b>	7
<b>Bologna level</b>	2
<b>Recognised higher education institutions</b>	<a href="#">The Ministry of Education, Science, Research and Sport of the Slovak Republic</a>  Please note the country can have additional recognised education institutions.

## The level of Swedish qualifications and degrees

Swedish degrees and final grades are placed within reference frameworks that show different levels of learning outcomes. In the figure, the Swedish reference framework SeQF is shown as well as the European reference frameworks that facilitate comparison to other countries. Please note the figure does not contain all Swedish qualifications.

### What do the abbreviations mean?

-  SeQF – The Swedish National Qualifications Framework
-  EQF – European Qualifications Framework
-  Bologna Framework – Qualifications Framework for the European Higher Education Area (QF- EHEA)
